Mediterranean Refining & Petrochemicals Summit

Refining reoriented - Preparing for 2020 and beyond

June 26-28, 2019 | Gran Palas | Tarragona, Spain

What to expect:

Setting the scene for the European and Med refining and petrochemicals markets today – Assess the current market and how macroeconomics, geopolitics and evolving consumer demand is impact the downstream world

IMO 2020: How will it impact the region come 1/1/20 – Understand just what to expect come 1/1/20 for shipping fuel demand, how will that impact the other streams, and will there be enough fuel to deliver?

Overview on the latest petrochemicals and oil storage developments – Petchems and refinery integration, feedstock pricing and increasing demand levels, and latest oil storage challenges and new opportunities

Oil products consumption – developments, challenges and opportunities from light ends to fuel oil – Assess the shape of the market, and where it is headed, just what kind of an impact EV, IMO and governmental policies is having on the future for fuel demand.
